NUMBER 39

About Soldiers--Sailors

Mrs. George Kinney, daughter of Mr. and Mrs. Bowen Pope, and the chief linotype operator and assistant Editor of the Herald, went to Fort Worth Tuesday afternoon to meet her husband, Sgt. George Kinney, who had recently arrived from England, via New York and San Antonio. He had been in England with the 137th General Hospital as an X-Ray technician the past 13 months. He will be at home 30 days and then will report to a camp in Alabama for further training.

S&S

Pfc. William Harrison came up from San Antonio last week to enjoy 17 days furlough. To prove how he appreciates home life, he is making \$5.00 per day on this furlough, chopping cotton. Imagine how hot he gets. And this 17 days makes three months at home after returning from that cold spot of Iceland.

HAMLIN SERGEANT DECORATED IN ITALY

With THE FIFTH ARMY, ITALY—Sergeant J. T. Counts, Hamlin, Texas, recently was awarded the Bronze Star Medal for heroic achievement in action in Italy.

He served on the Fifth Army front in the 338th Infantry Regiment of the 85th "Custer" Division.

His mother, Mrs. Irene D. Counts, lives on Route 4, Hamlin.

S&S

Many Hamlin people thought they recognized Hamlin boys on the "screen" at the Ferguson Theatre on Monday night of this week. The picture "To the Shores of Iwo Jima" was being shown in technicolor, and one boy, Richard L. Branscum, RM 3/c, was clearly recognized.

S&S

Mrs. T. J. Rhoton of Borger sends in for the Herald and tells us that June Rhoton is now learning the mysteries of flying at Sheppard Field. Before going into the Air Force, June worked for the Goodrich Rubber Co., near Borger.

NORMAN, Okla.—Naval Aviation Cadet Elmer Clyde Feagan, Jr., son of Mr. and Mrs. Elmer C. Feagan, Hamlin, Texas, has been transferred to the Naval Air Station, Pensacola, Florida, after successful completion of the primary flight training course at the U. S. Naval Air Station here.

After three months of advanced flight training at Pensacola, Cadet Feagan will pin on his wings as a Naval aviator and be commissioned as an Ensign in the Naval Reserve, or Second Lieutenant in the Marine Corps Reserve.

MACK SELLERS RECEIVES COMMENDATION IN PACIFIC

The Herald appreciates seeing a letter from our sailor boy, Mack F. Sellers. He is out there in the Pacific and was looking forward to seeing his brother, Cecil. Mack has recently received a "Commendation" from his Commander, Lt. Ansel Wilson. It reads as follows: "On 12 November 1944, without regard to personal safety, you continued your duties in repairing damaged ships in the face of enemy attacks. By this performance you have lived up to the highest traditions of the service and for such conduct which exceeds all standards which might be demanded, you are hereby commended."

S&S

Joe Weir returned Thursday of last week from a visit with relatives in Dallas and Denison and with his brother, Pvt. Jake T. Weir who is training at Camp Fannin, near Tyler.

S&S

Roger Lee Cohorn, son of Mr. and Mrs. C. C. Cohorn, was one of the Jones County boys to enter the Army this week. His eighteenth birthday was May 2, 1945.

S&S

We have not heard much of that old soldier boy, Pfc. Wm. T. Brown, in a long time, but Public Relations Office tells us he has been in service since Nov. 15, 1940, overseas seven

Important School Notice

All scholastics outside of the Hamlin School District, who expect to attend the Hamlin Schools, are reminded that transfers must be completed by August first. A supply of transfer forms are available at the Superintendent's office at the High School and transfers may be filed there.

Recent school legislation makes it exceptionally urgent that all scholastics not brought in by a contract of the entire district be transferred in on an individual basis.

TUXEDO BAPTIST REVIVAL NOW GOING

The Baptist Revival at Tuxedo begins Friday night, July 27, and continues through August 5. Rev. David Calhoun, pastor of the Calvary Church, Abilene, will do the preaching, and Ira Treadwell will have charge of the singing. Everyone is invited to attend the morning services at 11:00 o'clock and the evening services at 9:00 o'clock.

Civilians Can Get Antimalarial Drugs

An adequate supply of effective antimalarial medication is available for civilian medication needs, WPB reported. The military services have notified WPB that a small percentage of veterans now being discharged from the service will require some form of antimalarial treatment during periods of relapse of this disease. WPB has assured the military that such medication is available through normal trade channels for civilians needs.

Quinacrine hydrochloride (atabrine) is readily available in adequate supply to meet civilian requests for both oral and parenteral use, WPB said. Quinine may be obtained in ampoule form for parenteral use when required, but is not available for oral use. However, totaquinine, USP, representing the total alkaloids of Cinchona bark, is available for oral use in quantities sufficient to meet all requests for natural antimalarials.

ENGINEER C. C. PRATER IN SAN ANGELO HOSPITAL

Engineer C. C. Prater was stricken last week with some form of nerve trouble that affected his eyes. He was taken to a hospital in San Angelo. Mrs. Prater sent the Herald a card Wednesday of this week saying that Mr. Prater was doing as well as could be expected. His trouble was a deep cerebral hemorrhage, and his doctors say in a few weeks it should heal, and unless a new one occurs, he will be all right. Mr. Prater is said to be cheerful and without pain. His son, Sgt. Charles Prater, of California, was to reach him this Thursday.

William is in the Eighth Infantry Div., which has taken 21 times as many prisoners as there are Americans in that Div. Some of these days, this boy will come home and we will tell you more.

Public Relations gives almost the same information about Lt. Washington M. Kelley, son of Mrs. Minnie Kelley, Rt. 3, Hamlin, who is in the same Division. Lt. Kelley is in the 8th Cavalry RCN. TR. and has been overseas 18 months. Lt. Kelley received his commission as Second Lieutenant on the battlefield.

Hamlin Soldier Receives Discharge On 105 Points

T/4 GUY T. WHITE

A week or more ago, the Herald told you that another "old soldier," a Hamlin boy, was back from Europe and can now be called "Mr." Guy T. White. Well, we finally dug up a "snap-shot" picture of Guy, one he had made with a girl friend over in Arizona, and so we cut out the unwanted face, and here you see the enlarged face of the Hamlin Medic who had so many experiences in Europe, as a member of the 36th Division.

Guy is a son of Mr. and Mrs. D. M. White of Hamlin, born at Weaver, Texas, July 16, 1914, came to Hamlin, grew up, and attended Hamlin High School. Later, before entering the service he was employed as a dental assistant in Arizona.

On March 3, 1941, Guy enlisted and was placed in the Medics, at Camp Bowie. Later he trained at Camp Blanding, Fla., and Camp Edwards, Mass. He went overseas April 2, 1943, and landed at Oran, North Africa. He went across Africa, up to Sicily, Italy, through Rome, up to Southern France, and into Germany and Austria.

During this time, he transferred from a field hospital unit to front line duty as a medical aid man with the Infantry. He distinguished himself by many acts while serving in this capacity, and Guy was mentioned in several articles written by war correspondents with the 36th. On March 14, 1945, White received a wound from a German machine gun, in his left arm, for which he received the Purple Heart. Guy has several other service recognitions including the Bronze Star awarded "for heroic achievements in combat on Feb. 1, 1945, in France." Distinguished Unit Badge, the ETO Ribbon and five battle stars, American Defense Ribbon, and Good Conduct Medal. He has a total of 105 points, for which he was given an honorable discharge from the Army.

"Mr." Guy White will never forget Oran, Salerno (where he landed with the first American troops to hit European soil), Cassino, the Rapido River crossing, Anzio, Valletto—the break through to the north, Naples—and up in France, along the Rhone River, with the Seventh

Revival At Dovie Will Start Sunday, July 29th

You are cordially invited to attend the revival meeting that will start this Sunday, July 29th with the Rev. Conrad Rhine, of O'Brien, in charge of the preaching.

Guy tells us that he has not decided just yet what his "future" will be, for he has a lot of catching up to do on his rest and visiting—and just enjoying being at home.

Well, "Old Guy," we see you still have that American smile, but are not quite as round as your Dad... but to this day, we have not learned the name of that "Arizona Girl."

SANITARY NOTICE

SECTION 4. Every owner of a building or part thereof occupied for any purpose any part of the day or night, situated on any block in the city, to or into which or within two hundred feet of which block a public sewer shall, within thirty days after notice, shall put up within the said building or part of building used as aforesaid, or upon the premises where the same is situated a water closet or closets, and connect or have the same connected with the sewer. The closet or privy and all work done in connection therewith, and all material used, shall comply strictly with the requirements of this ordinance. In all cases where a privy or water closet is now or may hereafter be connected with the public sewer the owner controlling the same or his agents shall cause such privy or closet to be supplied with water for flushing, which shall be delivered from a tank, the bottom of which must not be less than 18 inches above the floor line, and the tank shall hold not less than four gallons of water, and shall be arranged to deliver not less than four gallons of water at each flushing of the closet, and to refill with water at a pressure of not less than fifteen pounds to the square inch. The water shall be conducted from the tank to the bowl or the privy or closet through a circular metallic pipe not less than one and one quarter inches in diameter.

The above is a copy of a section of the City Sanitary Ordinance as passed in 1921.

This Council believing it is to be to the best interest of the health and happiness of the citizens of this City, that all open toilets and/or privies be eliminated, therefore we have this day by resolution declared the City Sanitary Ordinance as passed in 1921, to be in full force and effect and Section 4, as reprinted above will be enforced.

VETERANS' FAMILIES CAN GET WAR HOUSING

Distressed families of returning veterans and of men in service have been made eligible for vacant privately-financed war housing on the same terms as in-migrant essential civilian war workers, Administrator John B. Blandford, Jr., of the National Housing Agency, announced. Distressed families are those who cannot find suitable accommodations at rents they can afford in housing built without wartime priorities, Mr. Blandford said.

Mr. Blandford emphasized that priority war housing hitherto restricted to war workers cannot be sold or rented "to any one," even families of veterans, if it means the eviction of essential war workers and their families. The new regulations apply only to vacant units or those that become vacant.

I GIVE YOU TEXAS

BY BOYCE HOUSE

J. E. Crews of San Antonio has written a poem entitled "The Call of Texas":

We sons of Texas hear her call
Wherever we may roam;
Her diamond studded skies at night
Are beacon lights of home,
For well we love our native state
Where brooks and rivers flow,
And honor all the pioneers
Who came so long ago.

No matter where our journey leads,
No matter where we stray,
We always hear that constant call
From Texas, far away,
And long for snow-white cotton
fields

Where darkies work and sing—
To hear the song of mockingbirds,
At midnight, clearly ring.

The scenes of childhood call to us,
Where simpler things abound,
Where cabins nestle in the woods,
With stillness all around;
We hear an old red rooster crow
In melancholy tone,
Which tells as plain as spoken words,
"The folks are not at home."

We boast of lofty skylines in
Our cities, that is true,
But the scenes that really call to us,
Such folks as me and you,
Are old, abode ranch houses,
Low, rambling, plain and strange,
And cowboys rounding up great
herds
Of cattle on the range.

The sight of some old mission wall,
Beside a crystal stream,
The crumbling ruins of old forts,
Are monuments of dream;
And live oaks veiled in Spanish moss
Beside a still lagoon,
Cast their enchanting silhouettes
Against the southern moon.

Ah, long her hills have sheltered us
Within her proud domain,
Where sunset sheds its mellow glow
Across the rolling plain.
Her wondrous beauty and her charm
Can never half be told,
Nor painter's brush, nor poet's song,
The picture half unfold.

"A Vacationist's Lament" from Lewisville Enterprise:

Had my old car overhauled,
Put the wheels in line,
Stopped the radiator leaks,
Got her running fine.
Fixed the horn so it would blow,
The windshield wiper wipes.
Took the darned old gas tank off
And cleaned out all the pipes.
Had the carburetor checked,
Ignition pretty good;
Had the broken fenders fixed,
And straightened out the hood.
Got the windows where they'll roll,
Put the doors in shape,
Bought myself a new floor mat,
And wrapped the wires with tape.
Had to buy seat covers, too,
To get it looking right,
Had the left hand bumper fixed
And bought a new tail light.
The steering wheel was awful loose,
I had to have it bushed,
And since the battery was charged,
I never have to push.
I've also got a good, new pump,

Planning on buying a New
Refrigerator after the War?

Think First of the
BLUE FLAME

It makes possible
a Refrigerator
DIFFERENT
FROM ALL OTHERS

"My next will be a Gas Refrigerator." That's what many are saying in these days when repair men and replacement parts are hard to get. And it is little wonder, for the Gas refrigerator is the only one that runs with a tiny gas flame. This means no moving parts to wear and need fixing or replacing. As soon as factory is released from war work, Gas Refrigerators will be back in the stores. Save for one. Buy War Bonds.

Native Islanders Ask To Remain Under United States Control

DALLAS, Texas.—Marshall Island natives want to become United States Nationals, or be under the protection of this country. Naval Military Government officials have received petitions from Marshallese now living on Majuro, Arno and Aur Atolls, comprising 43 per cent of the population under U. S. control, requesting that the Marshall group become a United States Protectorate. Many of the petitioners are evacuees to date from the Japanese-held atolls of Wotje, Maloelap, Mille and Jaluit.

Each of the several petitions contained the names and fingerprints of the petitioners. The Arno Atoll petition, signed by 380 men and 455 women, stated:

"When this world war is over, we request as it is written below.

"1. We ask the United States of America to look over us. 2. And it should also keep our customs. 3. We

The petition from Majuro Atoll, signed by 1,025 men and women, representing, in addition to Majuro, Wotje, Maloelap, Aur, Ailuk, Utrok, Meiji, Lekiep and Arno Mille atolls, stated:

"We make this request for when the war is over, and the United States will deliberate about the Marshall Islands. We all agree to this, that America should not give away these islands, (Marshall Islands), to any other nation.

"We have known Americans for 89 years and Americans have lived with us since 1857. They are not new to us.

"We want to ask the United States of America to be our guardian and

protector."

Every person on Majuro Atoll signed the petition.

OFFICE OF DEFENSE TRANSPORTATION GENERAL ORDER 52

Effective 12:01 am, June 30, 1945

"No carrier shall reserve, assign or allocate seating or sleeping space on a passenger train more than 120 hours in advance of scheduled departure time of such train. No carrier shall issue a ticket for a reserved seat or sleeping space on a passenger train more than 120 hours in advance of scheduled departure of such train, except in the case of tickets for reservations made prior to the effective date of this Order which have not been picked up."

OFFICE OF DEFENSE TRANSPORTATION GENERAL ORDER 53

"On and after 12 o'clock noon, July 15, 1945, no common carrier by railroad or sleeping car company shall operate or transport any railway car containing sleeping space or sleeping accommodations to a point of distance 450 miles or less from the point of origin of such car, such distance being measured by the shortest distance by railroad over which sleeping cars are operated between such points. Each common carrier by railroad shall forthwith cancel all reservations for space after 12 o'clock noon on July 15, 1945."

What about Travel now....

under the new Government rulings?

The Government has curtailed civilian travel by ordering the railroads not to make reservations on passenger trains more than five days in advance of departure and by banning sleeping car service on trips of 450 miles or less.

A lot of people are assuming that, with the European war over, the travel situation on trains should have eased up by now.

But they are finding out that it's harder than ever to get space. They're asking themselves, "Why?"

The reason is simply that the railroads are being called upon to repeat a job of moving over 3,000,000 soldiers. But this time it is to be done in 6 to 9 months whereas originally it took more than 2 years to move these men.

The railroads are still operating with the same number of passenger cars that they had when the war started. Building new passenger cars has not been permitted since Pearl Harbor.

Many Pullman cars have been converted into

hospital cars, and, of course, more Pullmans and coaches than ever are being withdrawn from civilian service to use in the movement of men to the Pacific.

The great bulk of traffic for the Pacific funnels into 4 railroads to ports of embarkation in California. Santa Fe, with its improved facilities, is carrying a large part of this traffic.

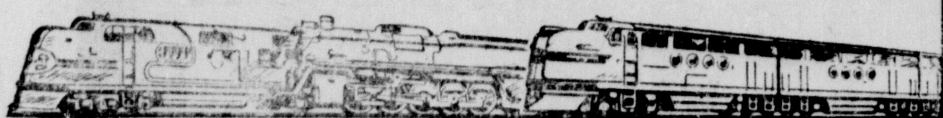

This all adds up to the fact that only a very limited amount of space is left over for civilian travel.

Of course we like to accommodate our friends and make new acquaintances. But you, too, agree that the troops and materials needed to whip Japan must come first.

New cars are now on order. Santa Fe has enough new chair cars on order to seat 3186 people. 16 new lunch counter-diners are also on order. A substantial number of new sleeping cars will be placed in service on the Santa Fe as soon as War Production Board orders permit.

'Think on these things'

What It Means To Preach Christ

Beginning this week we wish to present a series of meditations on what it means to preach Christ.

In order to preach Christ, the Bible must be preached for He is the great subject of the Bible. The message of the Bible could well be summed up in the statements: Christ is coming; Christ has come; and Christ is coming again. The message of the Old Testament in type and shadow, in law, prophecy, and psalms was Christ is coming. The message of the Gospels is Christ has come. The epistles and the rest of the New Testament emphasize and promise that Christ is coming again. Indeed Christ is the central theme of the entire Bible. Paul says of the law of Moses, "So that the law is become our tutor to bring us unto Christ that we might be justified by faith." (Gal. 3:24) However, Paul reminds Timothy that the law itself must be used lawfully. (Tim. 1:8) In other words, if it is properly taught and applied it will serve that purpose. Christ can be preached by preaching the Old Testament though, for he was the Christ of promise and prophecy. He was the Christ for whom the world was kept in waiting, the Christ for whom God was preparing the world. For four thousand years every type, promise, and prophecy pointed forward to him. From the day God told Eve, "Your seed shall bruise the serpent's head," down through the promise to Abraham, "In thee shall all of the families of the earth be blessed," and in the message of every prophet, God kept His people reminded of the coming of Christ. Yes, the prophets preached Christ; Peter declared, "Yea, and all the prophets from Samuel and them that followed after, as many as have spoken, they also told of these days." The Old Testament prophecies preached the Christ that would come. Today we preach the Christ who has come in fulfillment of all they predicted concerning him.

John the Baptist came as a special messenger of God's grace to the Jews. His purpose was one of preparation. He did not come to build a church, establish any new institutions, or institute any permanent practices. His message, ministry, and work was altogether preparatory in nature. Of him Isaiah predicted, "The voice of one that crieth, Prepare ye in the wilderness the way of Jehovah; make level in the desert a highway for our God. Every valley shall be exalted and every mountain and hill shall be made low." (Isa. 40:3-4) So, John was a messenger before the face of the Lord to prepare the way for him. He was to remove the difficulties in the hearts and lives of the Jews and get them ready to receive Christ. Accordingly, he preached unto them repentance toward God that they might correct their attitude toward God and be prepared to believe in Christ. As a sign of such repentance, he commanded them to be baptized. He did not fulfill the promises and prophecies of the Old Testament concerning the Christ, but came preparing the way for the Christ of whom they spoke.

It is singular that during the personal ministry of Jesus the apostles themselves were not allowed to preach that he was Christ. When Peter had confessed that Jesus was the Christ, the record tells us, "Then charged he the disciples that they should tell no man that he was the Christ." (Matt. 16:21) Again in Luke 9:21, we read, "But he charged them, and commanded them to tell this to no man: saying, The Son of man must suffer many things, and be rejected of the elders and the chief priests and scribes, and be killed, and the third day be raised up." Thus we learn that preaching Christ was still in a state of preparation and that a full message of Christ as the Son of God was not to be proclaimed until Jesus had died and been raised from the dead.

When Jesus had come forth from the dead by the power of God, he appeared unto the apostles whom he had chosen and trained and commissioned them. Matthew's record of this commission reads thus, "And Jesus came to them and spake unto them saying, All authority hath been given unto me in heaven and on earth. Go ye therefore, and make disciples of all the nations, baptizing them into the name of the Father and of the Son, and of the Holy Spirit; teaching them to observe all things whatsoever I commanded you: and lo, I am with you always, even unto the end of the world." (Matt. 28:18-20) According to the Gospel of Luke, Jesus further instructed them, "Thus it is written, that the Christ should suffer, and rise again from the dead the third day; and that repentance and remission of sins should be preached in His name unto all the nations beginning from Jerusalem. Ye are witnesses of these things. And behold, I send forth the promise of my Father upon you: but tarry ye in the city, until ye be clothed with power from on high." (Luke 24:46-49)

POT-SHOTS FROM MCCAULEY

BY GEO DARDEN

The McCauley Baptist summer revival begins the first Sunday, Aug. 5th. The Rev. Johny Cohen (A Jew) will do the preaching. He also is a singer. Two pianos are at the church both in tune and there will be two ladies to play same. Rev. C. E. Dick is pastor and we imagine about as good a preacher as you will find anywhere, fact of the business is: We didn't need a visiting "Sky Pilot" but the Good Book says: "And he said, verily I say unto you, no prophet is accepted in his own country" (Luke 4:24) (If you care look it up) SO the little Jew preacher was called in again—he was here last summer remember?—Anyway we have his picture that we are sending the Ed. Hope he sticks it in the (Pot-Shots) so all the folks can see just how a Jew looks outside of a Dry Goods store. Infact, in all these years we have been unable to get anybody's picture in this column and Brother Dick insists that the picture of Johny gets in the paper, along with a big write-up about the meeting.

REV. JOHNY COHEN

Personally we will guarantee good singing and plenty of it. There will not be any collection for several days and you can rest easy and enjoy the meeting for a while, at least.

We say there is no use to cry over spilled milk (there is too much water in it already) But after all, folks, the "hereafter" should be quite serious, so come to church, neighbor, the preacher might have something on the "ball".

Betty Blanche Miers, Margaret Darden and Elizabeth Reeves left Saturday morning by train for Ft. Stockton for a two or three weeks visit in the home of Mr. and Mrs. Sim Reeves. They will also attend the Pasiana Baptist Encampment in the Davis Mountains. Miss Reeves visited for the past month in the

homes of Margaret and Blanche, in McCauley and Hobbs.

"Farmer" Blackwell is at home after a discharge on the point system. He has been in the army in the Pacific for three years. He deserves a long rest and "Mom's" cooking. Their home is near Roby. The Blackwells are former residents of McCauley. Mrs. Glenn Henderson is a sister.

The Royal Ambassadors, boys' camp held each year at Lueders Encampment Grounds, was well attended, according to the McCauley boys' report.

Mrs. J. D. Bailey of Lubbock visited Mrs. W. H. Pickron Jr. last week in Hamlin. Mmes. Bailey and Pickron also visited in the home of Mr. and Mrs. Geo. Darden in McCauley. The husbands, Lts. Bailey and Pickron are "Thunderbolt Pilots" and are based on Okinawa. They were together many months in Iceland.

Speaking about good crops, W. C. (Bill) Kean of this community, has the best looking cotton and feed we have seen in many a day. Thus far, no insects either.

Due to the fact that Dick Maberry has moved to Hamlin, he has named J. S. (John) Dean to succeed him as President of the McCauley labor board. Three "hold over" members will work with Mr. Dean in securing top wages and short hours for laborers in this immediate vicinity.

Mrs. L. H. Boyd has returned to her home after a two weeks visit with friends and relatives in East Texas and Oklahoma.

Mr. and Mrs. Granville Dean and daughter, Mary Francis, of Fort Worth visited parents, Mr. and Mrs. Charley Eivens and Mr. and Mrs. J. S. Dean, over the week end.

Mrs. Alvin Gregg has purchased a home in McCauley from Mr. and Mrs. R. L. Miers.

Mr. and Mrs. J. C. Forbes have purchased a house from Mr. and Mrs. Louis Hopkins. It is the former home of Mr. and Mrs. J. H. Milsap.

Mr. and Mrs. Henry Thompson are moving their house this week to Rotan where they have purchased town lots. The house is the former B. B. Gill home.

McCauley has a brand new beauty parlor. Mrs. Bernice Graham, a licensed beauty operator, has opened a modern beauty parlor in the J. Ruth Hendon house, formerly Mrs. Etta Stephenson's home. Her husband, Sgt. Graham, is in the U. S. Army.

Mr. and Mrs. Louis Hopkins are moving this week to Rotan, where Mr. Hopkins has purchased a service station. Mr. Hopkins was recently

discharged from the Navy.

McCauley needs a helpy-selfy laundry and a cafe. There would be plenty of business for some one for such establishments.

Visiting in the home of Mrs. Vera Jayroe last week were Mrs. L. A. Jayroe, Nolan Jayroe and family, and Will Jayroe and family, all of Welsh, Texas.

Comment No. 1

It is doubtful that either Hitler or his mistress, Eva Braun, is dead. Dictators, like human beings, cling to their hide as long as possible. More than likely, Hitler and his girl friend escaped on a submarine. Any country that may harbor Hitler or his henchmen should by all means be forced to give them up.

Progress has been far too slow in bringing War Criminals to trial. In fact, there should be no trials or long drawn out court procedure. If war criminals escape, as did the Kaiser, then we had better start preparing for another war now. If tender hearted Americans so soon for-

get and Isolationists again get in power, we will once again see the little boys who are now riding stick horses, playing soldier and football, march off to war to be slaughtered. We in America may rest assured that the German General Staff is not completely destroyed and will make every effort to get revenge in the future. It is the duty of every American to see that our own Government is not run again by representatives who are afraid of "The Big Bad Wolf." —A-DARDEN-O-GRAM

Mrs. George Darden Hostess To Club

The McCauley Home Demonstration Club met July 18 in the home of Mrs. Geo. Darden to discuss syrup as a supplement or substitute for sugar in making summer desserts and for canning. Mrs. Geraldine McCullough, Home Demonstration Agent, used syrup in her demonstration for making ice cream and sherberts, using one-fourth more syrup than sugar for the proper sweetness, cutting down slightly on the other liquids. Fruit pickles and preserves also may be made satisfactorily, using either dark or light syrup.

After the exchange of recipes, a business session was held with Mrs. Levi McCollum, vice president, officiating. Plans were completed for the Club's participation in the county-wide club picnic to be held at Roby, July 26.

August 2 was the date named for this club's annual picnic.

Mrs. Darden and Mrs. Frank Jackson, co-hostess, served white cake and ice cream, both made with syrup. The following members and guests attended: Mmes. Geraldine

Labor On Move Can Now Get Tires

Passenger car owners using tl automobiles for bona fide change residence for which they were is special gasoline rations will be able beginning July 16, 1945, Grade 1 passenger tire purchase certificates, subject to quota other restrictions, OPA announce. This extension of eligibility is particularly needed now that increasing numbers of persons are moving from one city to another, OPA explain. It will allow the following groups to apply for new tires if they have a tire failure while making a permanent change of residence:

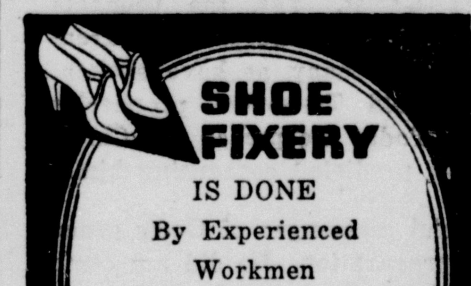

1. War workers moving from city to another as production shifts from one type of war goods to other and to civilian commodities.
2. Members of the armed forces moving to a new post.
3. Discharged war veterans turning home or moving to another city to accept a job.

Waiting for a NEW
GOOD YEAR

He's tried 'em all... found nothing like a Goodyear for extra service and safety. That's why, this time, he'll even wait, if necessary, to get the extra value built-in to a Goodyear.
